

J Bidmead
FINE PHOTOGRAPHY

OUR APPROACH

Relaxed and journalistic– we create natural, luminous photographs, with a documentary style and most of all feeling. Our signature style is beautiful tones mixed with stunning natural light, which together creates timeless photographs. We aim to photograph the story of your day seamlessly, naturally and most of all creatively- with you and your guests barely noticing we are there. The most important thing about your wedding day is that you enjoy it! We let the day unfold naturally and capture who you and your loved ones really are. Our experience has enabled us to anticipate moments, allowing us to capture the joy, tears, hugs and laughs- the essence of the day. The result - beautifully authentic images to remember your day by. We capture all the little moments that tell your story and all those little details that make your day unique and special to you.

INVESTMENT

With all our coverage you receive....

- A pre wedding consultation to confirm final requirements.*
- All professional photo editing and creative editing desired.*

YOUR WEDDING PHOTOGRAPHS

Your wedding photograph's are encased in hand painted vintage wooden box, wrapped in luxurious tissue and presented in our signature J Bidmead Photography satin ribbon tied gift bag. For a typical full day's wedding photography you receive approximately 500+ images on a professional standard J Bidmead Photography vintage inspired wooden usb stick. We always supply you with the license for personal use of your images, so there are no hidden costs.

ENGAGEMENT

Your engagement session is simply a fun and relaxed portrait photography session where you get to know us, we get to know more about you and you get used to being in front of the camera! That way you will feel so much more relaxed on your big day. It is also a rather lovely time to celebrate your love for each other and have some images to get excited about in the build up to your wedding day. We take a stroll down one of our favourite photography locations, your venue, or a location of your choice. We take the time to find out more about your tastes and the style of photography you want and then we pretty much give you some together time, make you laugh and take some pictures. It's as simple as that!

With every engagement session comes 50 plus high resolution images and a framed signing board with your favourite image from the day for your guests to sign at your wedding reception.

Engagement Sessions can be added to any coverage for £175.

FUN STUDIO

Our portable professional studio provides 'fun booth' style images but with the advantage of comfortably fitting up to 10 guests! All the images are professional studio standard and taken by a professional photographer, not a machine! The fun studio provides your guests with entertainment and provides you with even more fun memories from the day. With all fun studio bookings you get 2 hours extra late night photography included meaning that all those dance floor moves and hilarious moments can be captured with stunning professional photographs.
